It was in the case of Hedwig Hacker, who sued the O'Rourke Engineering cavation at the Grand Central Station. SPLENDID APRIL TONIC.

This is known as "Blood-Cleaning Time," especially among the older folks, who always take something during this month to clean the blood of impurities and build it up. The following is the recipe

pare it at home Fluid Extract Dandelion onehalf ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces.

Get these simple ingredients

from any good pharmacy and

as given by a well-known au-

thority, and any one can pre-

mix by shaking well in a bottle. The dose is one teaspoonful after meals and at bedtime. Everybody should take some thing to help the blood, which becomes impoverished and almost sour after the winter season, especially those who are subject to Rheumatism, Catarrh, Kidney and Bladder

It is said that one week's use of this mixture will clear the skin of sores, pimples or boils. This is sound, healthy advice, which will be appreciated by many readers.
